

Approved For Release 2001/03/30 : CIA-RDP78-04723A000100100031-1

DRAFT - 28 August 69

MEMORANDUM FOR: Deputy Director for Intelligence  
Deputy Director for Plans  
Deputy Director for Science and Technology  
Deputy Director for Support

SUBJECT : Automatic Data Processing -- Management

1. After considering the presentation and discussion at our meeting on 20 August 1969, I have concluded that we should make no changes in our ADP organizational structure. I believe we can accomplish our objectives by clarifying existing responsibilities and strengthening the existing coordinating mechanism under the Executive Director-Comptroller.

2. I have therefore directed the Executive Director-Comptroller to see that this is done and to issue such supplemental instructions as he deems necessary. I will also expect brief status and progress reports from the Executive Director-Comptroller which will deal with problems with which I need to be concerned.

Richard Helms  
Director

cc: Executive Director-Comptroller
